VIA ELECTRONIC FILING AND HAND-DELIVERY

The Honorable Charles L.A. Terreni
Chief Clerk
South Carolina Public Service Commission
Post Office Drawer 11649
Columbia, South Carolina 29211

Re: **Informational Filing** Regarding a Change in Ownership of Southern Digital Network, Inc. d/b/a FDN Communications

Dear Mr. Terreni:

FDN Holdings, LLC ("Holdings"), Florida Digital Network, Inc. d/b/a FDN Communications ("FDN"), Southern Digital Network, Inc. d/b/a FDN Communications ("SDN"), NuVox Transition Subsidiary, LLC¹ ("FDN LLC") and NuVox, Inc. ("NuVox") (collectively, "Parties"), by their counsel, hereby respectfully advise the South Carolina Public Service Commission ("Commission") of their intent to consummate a merger transaction resulting in the transfer of control of SDN from its existing ultimate parent, Holdings, to NuVox. SDN is authorized as a competitive provider of telecommunications services in the BellSouth region, including in South Carolina. The Parties submit that the transfer of control does not require prior Commission approval, and thus, this information is being submitted to the Commission for informational purposes only.

As described in detail below, pursuant to the terms of an Agreement and Plan of Merger ("Agreement") dated March 20, 2007 among NuVox, FDN, Holdings and FDN LLC, SDN's existing parent, FDN, will merge with and into FDN LLC, a newly-formed subsidiary of NuVox. As a result of this stock transaction, SDN will become a direct subsidiary of FDN LLC, and NuVox will become the new ultimate parent company of SDN. The transaction will be transparent to SDN's customers. SDN will continue to serve its customers pursuant to its existing authorization. NuVox's operating subsidiaries, including NuVox Communications, Inc. in South Carolina, will continue to provide service and will be unaffected by the instant transaction.

The proposed transaction will not result in any loss or impairment of service for any customers. Following the transaction, customers will receive their existing services at the same rates, terms and conditions as at present. Any future changes in the rates, terms and conditions of service will be made pursuant to Commission requirements. All affected customers will continue to see "FDN Communications" on their invoices, and any future consolidation of the operations of SDN into or with other NuVox companies such that customers would see a change in their service provider will be undertaken pursuant to the Commission's rules and notice

¹ This newly-formed entity will change its name to "FDN, LLC d/b/a FDN Communications" at closing.

requirements. The only significant change that will take place following the closing of the transaction from a customers' perspective is that their service provider will be ultimately owned by NuVox.

In support of this notification, the Parties provide the following information:

Holdings is not authorized by the FCC or any state to provide telecommunications services.

Description of Transaction

Pursuant to the terms of the Agreement, FDN will merge with and into FDN LLC. As a result of this stock transaction (the "Transaction"), NuVox will become the new ultimate parent company of SDN and FDN LLC (the entity surviving the merger of FDN and FDN LLC).⁶ The current customers of FDN will be served by FDN LLC pursuant to FDN's licenses. SDN's customers will remain customers of SDN. Both entities will be ultimately owned by NuVox. The Transaction will be entirely transparent to customers, who will continue to enjoy the same rates, terms and conditions of service as they do prior to closing. The closing of the Transaction will be contingent upon the receipt of the required regulatory approvals among other things.

Post-close, the following two (2) investors will hold 10% or more of the total outstanding stock of NuVox: (1) NSHI Ventures LLC (11.5%); and (2) M/C Venture Partners, through various stockholders (28.1%). It is not anticipated that there will be any other 10% or greater stockholders.

NuVox is well-qualified to become the new ultimate owner of SDN. As noted above, the Commission has already examined and passed on the qualifications of NuVox to become an authorized telecommunications provider in South Carolina in connection with the certification proceeding of NuVox Communications referenced above. The documents exhibiting NuVox's

qualifications in that proceeding are incorporated by reference herein. It is not anticipated, however, that the day-to-day operations of SDN will change as a result of the Transaction. SDN will continue to have the managerial, technical and financial qualifications to provide quality telecommunications services to consumers in South Carolina. The existing SDN management team will remain in place, supported by experienced NuVox personnel. SDN will also be supported by the financial resources of NuVox. The combined company will continue to assess the benefits of post-close consolidations, market coverage and/or mergers of the operating entities. When and if the combined company determines that it will pursue such plans, it will seek all appropriate regulatory approvals.

A diagram showing the corporate structure of the combined companies post-Transaction is appended hereto as **Exhibit B**.

Public Interest Considerations

The proposed Transaction will serve the public interest. The Transaction will be generally transparent to customers and at the time of the merger they will not experience any change in their services, rates, terms and conditions of such service, or in the name of their service provider. Any future changes in rates, terms and conditions of service will be made in accordance with applicable Commission requirements, and any future consolidation of the operations of SDN into or with other NuVox operating companies, such that customers would see a change in their service provider, will be undertaken pursuant to the Commission's rules and notice requirements. The only significant change following the closing of the Transaction from the customers' perspective, however, will be that NuVox will be the new ultimate owner of SDN.⁷

Consummation of the proposed Transaction will serve the public interest in promoting competition among providers of local and interexchange telecommunications services by combining the financial resources and complementary managerial skills and experience of FDN, SDN and NuVox in providing telecommunications service to the public. The proposed Transaction will therefore ensure the continued provision of high quality and innovative telecommunications services to the existing customers of SDN and should promote competition in their respective local and interexchange telecommunications markets.

As a result, consumers in the Southeast will benefit from the operation of two strong telecommunications providers under one umbrella company. Both SDN and NuVox Communications share a similar serving strategy and focus on high quality customer service. The combination of these companies will increase the scope of each of the existing companies and provide synergies in their operations which should enable the companies to compete more effectively in the highly competitive market for telecommunications services. The companies

⁷

The contemplated transfer of control does not raise any slamming concerns or necessitate compliance with FCC or state procedures to notify customers prior to a carrier-to-carrier sale or transfer of subscribers as the contemplated transaction does not involve any change in a customer's existing service provider. SDN's customers will remain with their company and will continue to be served under SDN's existing authorization.

will benefit from increased economies of scale that will permit them to operate more efficiently and thus realize substantial financial synergies that should enable them to increase their operating income and free cash flow.

Finally, the proposed Transaction does not present any anticompetitive issues. SDN and NuVox will continue to compete with the combined AT&T/SBC/BellSouth as well as other CLECs in the local and long distance markets. There are a number of other CLECs operating in each market, as well as the incumbent carrier, which in each market controls a substantial share.

The Parties submit that no prior Commission approval is required for the Parties to consummate the proposed Transaction described herein. Should the Commission believe that any action is required, the Parties respectfully request that the Commission notify the undersigned at its earliest convenience. In the absence of any response from the Commission, the Parties will proceed with their plans to consummate the Transaction as contemplated.

Please date-stamp the duplicate upon receipt and return with the bearer of these documents. Should the Commission have any questions regarding this matter, please do not hesitate to contact me. ✓ #
